

Dear **Maryam Nasir**,

Congratulations on this meaningful step forward in your professional journey. We are pleased to share that, effective **01-Jan-2026**, you have been promoted to **Software Engineer (D03) – Software Engineering**.

This promotion recognizes your growing capabilities, commitment to learning, and the positive contributions you have made in your role. You are building a strong foundation, and we are confident in your ability to take on greater responsibility while continuing to develop your skills within CureMD.

We look forward to your continued growth and the value you will bring as we work together toward our mission of saving lives.

Sincerely,
Human Resources
